**Pizzagate: Cannibalism/Rape/Torture/Pedophila... You Know What "Comet Ping Pong" Means? Better Analyze That Pizza Sauce!**

World... thank you for taking pizzagate viral...

With all the connections to pizzagate to child rape, coffins, bizzare pedophile language, strange pictures, child trafficking... you gotta wonder what's in the pizzasauce? Or the sausage? Or the other ingredients?

The pizza sauce is made once a year you know.... that sounds

kinda ritualistic eh?

Isn't there a picture of the pizza place owner, covered in blood, who is known as a 'powerful man in Washington' for 'selling pizza'?

The name comet ping pong is a term describing casual sex with two people 'pingponging' someone "in the middle"... figure it out.

Known satanists are definitely associated with this place... including Hillary who even sent a 'warm letter' to the pizza hell owner.

The artwork associated with this place... satanic.

The 'entertainment' mc... is beyond creepy.

A pizza parlour for families, with dungeons, pedophile artwork and inside jokes on selling and having sex with babies.

Okay peeps~ put this together and fast... if you are having satanic rituals ping ponging orgies and sex, then you 100% guaranteed, are involved in rape, murder and cannibalism.

We all know history is repeating itself in our modern times.

If this is going on in washington, it's going on throughout america... think about it.

Why all the references to humans on the 'comet ping pong pizza' menu. would you want to try the 'hottie' pizza, made with 'comet' sauce and 'pepperoni'?

I do NOT recommend that curse these people.. that's what they do to you.... do you want to be like them? Then it's time to grow up!

I recommend that you love these people.... that's the solution... it doesn't mean you condone their behaviour, it means that you are not willing to become one of them in the process of freeing ourselves from the worldwide satanic cult. They trained you to hate God... do you? If so, that's not true power... that is true weakness.
